2. Definitions. The following terms when used within this section with initial capital letters, unless the context clearly indicates otherwise, shall have the following respective meanings:

a. "Active Military Service" means full-time active duty within a branch of the United States armed forces.

b. "Regular County Pay" means the compensation an employee would have otherwise received from the County during a period of Active Military Service if the employee had remained continuously at work during said period. Regular County Pay shall include an employee's base rate of pay plus any other compensation provided by this Code or by memorandum of understanding approved by the Board of Supervisors for the position and assignment the employee would have held with reasonable certainty if not for absence due to Active Military Service. Regular County Pay shall not include overtime pay unless such pay is for regular recurring overtime work incorporated into an employee's regular work schedule for at least 60 days immediately prior to the commencement of Active Military Service. 5. In addition to the compensation provided by Sections 395.01 and 395.02 of the California Military and Veteran's Code, any employee who is on a continuous military leave of one year or more shall, commencing with the second continuous year of such leave, be entitled to up to 30 days per year of paid military leave calculated in the manner otherwise authorized by said sections.
